## Communicate & Collaborate With Everything In One Place

### BOOMEA

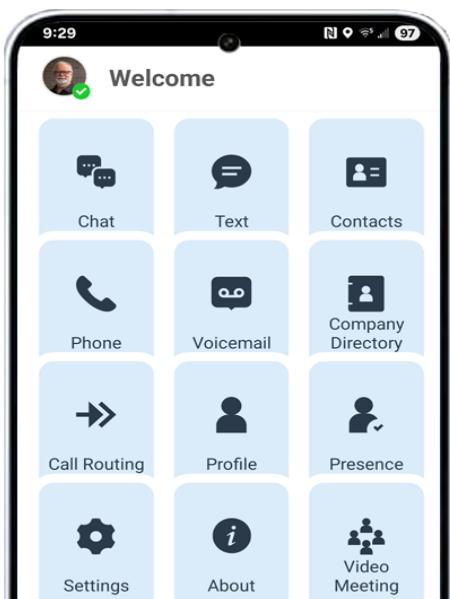

### BUSINESS CHAT

Connect and collaborate with your team like never before! Our platform, similar to Slack, offers a fresh, user-friendly way to stay in sync. Easily chat with your team or anyone in the Company Directory, share files, announce your real-time availability, and set up private group messages. Boost office efficiency with flexible, seamless communication. Boomea is a game-changer!

### WEB PHONE, SOFTPHONE, TEXTING & OTHER VITAL BUSINESS APPS

Picture this: You're at your desk, and your MPVEX Boomea app dings with a new team message. Reply via chat, hit the Quick-Call button, or use the Web Phone to talk instantly. Stay on top of everything with real-time call history, phone presence (BLF), voicemails (with transcriptions!), call recordings, conference management, and an operator console. Plus, send/receive business SMS/MMS or supervise agents with the built-in Call Center Console. All from your Boomea UC Dashboard! Access it via any browser, download apps for Windows/Mac, or use Boomea on iOS/Android for on-the-go productivity. Effortless communication, anywhere!
